Kevin,
I'm sending my report from my phone so there's no attachment.

PEM REPORT - September 2020

Over the past several months I have been participating in Zoom meetings with the other houses and also some of the key people at URM Home Health (VNS) regarding recommendations on our homes. I'm sure Glenda's report will have more details regarding that so I won't be redundant.

I have been stopping into Advent House weekly to catch up there (writing letters of recommendations for several of our volunteers that are pursuing higher education) keeping in touch with the Harley School and other things as they come up. I check my Advent House email daily from home. I've been keeping the volunteers updated regularly through email and am trying to keep them all in the loop and still connected to the House. I miss seeing them!

I've had time to move a lot of our files to the downstairs cabinets and get some much needed organization done!

We have planned a picnic for any of our volunteers who are interested at White Brook Lodge in early October (with proper protocol of course). Many seem interested and we feel it is a good way to touch base with them all.

I continue to work my regular hours at Sweet Charity when not at the house. It is much different than my job in the office - always busy there and on my feet all the time (using muscles I'd forgot I had!) but it's been rewarding being in the trenches there and watching the success of the shop continue to grow and thrive.

The Golf Tournament is this Friday and I will be there for the day and evening.

I am looking forward to the reopening of the house and am grateful for the support and understanding of you and the rest of the board during these most unusual times.

Respectful submitted,

Laurie Eisele/Volunteer Coordinator
