

# STSROC Report for EMP Board Meeting June 1, 2020

## Programs and Activities Completed

### **May Mental Health Challenge**

STSROC issued a social media challenge to our followers. We asked each person to connect with 3 people, checking in on how they are doing mentally. These 'check-ins' were to be more than surface conversations. Followers were to then report that they had completed the task. Each report back to STSROC will translate into \$1 being given by STSROC to National Alliance on Mental Illness - NAMI Rochester. STSROC has set a \$2000 limit for this challenge. We will report on the funds donated once those funds are tabulated.

### **AFSP Advocacy at NYS Legislature**

STSROC members participated in this virtual meeting. As you might expect the virtual version was much less impactful. We look forward to visiting Albany next year to speak to representatives as advocates for mental health related legislation.

## Upcoming Programming and Activities

### **University of Rochester - Visit to Youth In-Patient Program**

STSROC has been working to meet with a representative to learn of their needs. STSROC would like to donate items to the program that will contribute positively to the In-Patient experience.

### **Operational Update**

- Finance update as of June 1 reported by Marie Kamp - \$10,565. It is our plan to donate \$4000 of these funds - \$2000 to NAMI and \$2000 to University of Rochester
- We are working to recruit new members. As you might expect this is especially difficult at this time.
- Over the coming months a new board will be identified for next year.
